

Dear Newport Harbor Sailing Foundation,

Thank you for all of your support and contributions toward my sailing endeavors making it possible to travel to Houston, Texas for the ISAF Youth World Qualifier, and to Clearwater, Florida for Laser Midwinter's East. It is always comforting and motivating to know that I have the Newport Harbor sailing community and your support behind me when I travel.

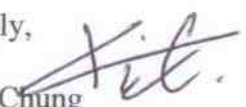

Both regattas were successful in their own individual aspects not only in regards to their overall finishes, but also in bringing my attention to key elements in my laser sailing that I need to tune up before the World Championship in La Rochelle, France this coming July.

At a given regatta, one topic that continues to reappear in conversation is that of the unique privilege, support, and backing that the Newport Harbor Sailing Foundation provides for its sailors. I have always counted myself very fortunate to have such a supportive organization assisting and supporting me in my sailing endeavors. When traveling to these regattas it is comforting knowing I have my family and the Foundation believing in my aspirations and me. Unfortunately, many sailors do not have such a generous organization such as the Newport Harbor Sailing Foundation believing in them and supporting their goals. Thank you for the opportunities you have given me.

I do very much appreciate your assistance and support and count myself very fortunate.

Sincerely,

Kieran Chung
